## SUMMARY

---

Driven Android Developer with 2+ years of experience building clean, scalable apps using Kotlin, MVVM, and modern architecture. Strong focus on performance, UI/UX, and real-world problem solving. Published multiple apps, integrated APIs, and optimized features for speed and reliability. Ready to bring solid code and smart solutions to your next mobile project.

## WORK EXPERIENCE

---

### Freelance Android Developer

Remote · 2024 – Present

- Designed, developed, and deployed Android apps for clients using Kotlin, MVVM, and Clean Architecture.
- Delivered custom solutions for real-world use cases in weather, finance, real estate, and productivity.
- Integrated RESTful APIs, Firebase, and local databases (Room/SQLite) for dynamic app functionality.
- Focused on responsive UI, performance optimization, and smooth user experience.
- Maintained clean, modular codebases following modern Android development best practices.

## EDUCATION

---

### Bachelor of Computer science with Honours

Aug 2023 - Oct 2026

University of Tahri Mohamed Bechar

- Major in Computer science .
- Thesis on "AI-Powered Medical Diagnosis Application Using MVVM Architecture".

### Diploma in STEAM Mentorship

May 2024

World Learning · 2024

- Completed a mentorship program focused on guiding students in STEAM fields (Science, Technology, Engineering, Arts, and Mathematics). Gained skills in leadership, project-based learning, and educational outreach.

## ADDITIONAL INFORMATION

---

- **Technical Skills**
- **Android App Development:** Kotlin, Jetpack, Android SDK, Compose
- **Languages:** java , C , javascript , css , kotlin.
- **Architecture & Design:** MVVM, Clean Architecture, Modular App Design, Repository Pattern
- **UI/UX:** Material Design, Responsive Layouts, Custom Components
- **Data & APIs:** Room, SQLite, Firebase, RESTful APIs, Retrofit
- **Tools:** Git, WorkManager, Agile , GitHub .
- **Performance:** Memory management, battery optimization, smooth animations
- **Languages:** English(Fluent), Arabic(Native), French(Intermediate).
- **Certifications:** Professional Engineer (PE) License, Project Management Professional (PMP).
- **Awards/Activities:** Delivered 3+ tech talks on Android development and clean architecture, Recognized by clients for clean code, UI/UX quality, and performance optimization.
